High School Alliances

## Reimagining High School

Distinguished Track

College Prep Track

Career Explorations Track

GAC Accredited

## The Tandem Education

- Once a week, classroom instruction
- On-campus teachers for high school classes
- TFC instructors for online college courses
- On-campus facilitators for all college courses
- Reduced tutoring fees for all courses
- Community with like-minded families
- Commencement exercises
- A unique track for every teen
- Servant/Leadership events and clubs
- Quarterly fellowship opportunities
- Accommodations for LD students
- HOPE Scholarship eligibility rate of 98%

## Accountability

TandemEDU offers parents full accountability so they can navigate the high school road confidently and successfully, knowing all the academics are covered.

### Tandem Partner Accountability

- Teacher grades all high school work
- Facilitators monitor and review college work
- Teachers/facilitators report progress to parents
- Transcript and records prepared by TandemEDU
- Annual high school guidance counseling
- Grade monitoring and tutoring referrals
- State DE form completion and submission
- Grammarly and MS Office subscriptions
- GA Futures assistance and HOPE eligibility
- IOWA testing for 9th grade
- Standardized test prep ACT/SAT/PSAT
- Higher GPA due to DE course weighting

## Our College Partner

Our higher education partner, Toccoa Falls College, has been glorifying God and developing Christian servant leaders in north Georgia since 1907. Accredited by the Southern Association of Colleges and Schools, TFC courses are transferable in Georgia and nationwide. TFC's unique approach of delivering semester course content in a quarterly format makes the college an excellent fit with the TandemEDU dual enrollment program.

## Application Process

Our streamlined registration process allows students to enroll in TandemEDU and Toccoa Falls College simultaneously. There is no need for a high school transcript, admission portfolio, or SAT/ACT/PSAT test scores prior to TandemEDU admission or college admission.

1. Complete the TandemEDU online registration
2. Students automatically enrolled in TFC online
3. Complete Georgia dual enrollment application

## Alliance Locations

**Interested in bringing TandemEDU to your area?** Alliances are now forming around the state. Launching an alliance requires a facility, a host, and ten students. TandemEDU handles all finances, registration, recordkeeping, training, and staffing. We currently offer alliances in Acworth, Cumming, Jasper, and Rutledge. Contact us today for a hostess position and receive a generous accountability discount as our thanks!

## Our Purpose

We work in tandem with parents to develop their teens spiritually, academically, and socially. Our progressive dual education approach takes the burden of high school at home off parents while offering motivated students the unique opportunity to graduate with a GAC-accredited high school diploma and three unique degree path options.

## Our Progressive Approach

Early college courses are often a duplication of high school classes. In Georgia, college courses can count as high school classes under Georgia Dual Enrollment, which pays tuition, fees, and books for college courses taken in high school. Combining high school diploma guidelines and college degree requirements, TandemEDU is reimagining high school by offering:

- Accredited high school diploma (28+ credits)
- Online courses through Toccoa Falls College
- Choice of 3 unique degree paths:  
(Distinguished, College Prep, or Career)
- An average of 3 classes per quarter
- Peers taking the same classes
- Up to 60 transferrable college credits
- Christian worldview is woven into academics
- Testing to determine college readiness
- Fellowship in a Christian environment

## Tandem First Tier

TandemEDU Tier 1 students are building a strong foundation in English and Algebra, the skills necessary for college, career, and life. The year starts with high school classes and then slowly moves into basic college courses. The first college course, World Geography, has a high success rate. TandemEDU students end the class with an average final grade of 95%.

### Weeks 1-8

High School English 10  
High School Algebra I  
High School Biology Lab

### Weeks 9-16

High School English 10  
High School Algebra I  
High School Biology Lab

### Weeks 17-24

High School English 10  
High School Algebra I  
High School Biology Lab
